PARENT AND STUDENT ACKNOWLEDGEMENT

TO: PARENTS/GUARDIANS

The Code of Student Conduct has been developed to help your child gain the greatest possible benefits from school experiences. It defines the rights and responsibilities of students attending Terrebonne Parish Schools. The consequences of student actions which disrupt the learning process are also clearly stated. Since parents/guardians can be held responsible for the actions of their children, you should become involved in the education of your children. Students, parents, and schools working together will help maintain a safe atmosphere where students can learn.

The school is in need of your help and cooperation. Please read and discuss this important booklet together with your child. It is requested that you sign the “Memo concerning Student Code of Conduct” sheet that will be sent home with your child and return it to school. This form will be kept on file at the school. Your signature means you are aware that the Student Code of Conduct is on our district and school websites. You can request a hard copy at any time.

TO: STUDENTS

The Code of Student Conduct tells you about your rights and responsibilities, and the rules you must follow as a student attending Terrebonne Parish Schools. It also states consequences for misbehavior. You are expected to show responsible behavior at all times.

Thank you Parents/Guardians and Students, in advance, for your attention to this most important document and for returning the signed receipt.

“Student Achievement is Our Priority”

Sincerely,

Mr. Philip Martin
Superintendent
Terrebonne Parish Schools
Preface

This document constitutes the rules and regulations governing student conduct. Accordingly, the Code of Student Conduct for the Terrebonne Parish School District is created to set for the rights, expectations, and responsibilities of its students, parents and personnel to assure that a safe environment exists so that students can learn and enjoy positive relationships with others.

This Code applies to every student who is under the authority of the Terrebonne Parish School District and shall be in effect on school property, at school-sponsored events, at school bus stops, and on school buses. Nevertheless, all students are expected to follow the Student Code of Conduct on their way to and from school. The Principal or designee may take administrative action if a student’s misconduct in route to or from school has a harmful effect on the health, safety, or welfare of other students and/or the school.

TERREBONNE PARISH SCHOOL DISTRICT DOES NOT ENCOURAGE OR SUPPORT SENIOR SKIP-OUT DAY AND ANY MISSING OF INSTRUCTIONAL TIME!

- Students can be disciplined for off-campus misconduct if their actions have a negative, direct impact on their school, programs, other students or staff.
- Students who are suspended or expelled from school should not attend school-related activities, such as athletic events, dances, and field trips.

Introduction

In order for instruction to occur in a safe environment, there must be a cooperative relationship among students, parents/guardians, and the school system. To assure success, students, parents/guardians, and the school system all have responsibilities.

Students are expected to:
- Be in school every day, if well, and to learn.
- Respect individuals and property.
- Use appropriate, responsible behavior at all times.
- Help maintain a safe, alcohol-free, drug-free, weapon-free environment.

Parents/Guardians are expected to:
- Show interest in their child’s progress and work with school personnel to solve any behavior and/or academic problems.
- Get to know their child’s school, its staff, curriculum, programs, and activities by attending parent-teacher conferences and school/parent functions, such as School Advisory Council meetings and PTA meetings.
- Make sure their child goes to school appropriately dressed and on time every day, unless their child is ill or has a contagious disease.
- Maintain up-to-date information at the school, including home, work, and emergency telephone numbers, addresses and health information.

School System is expected to:
- Provide and maintain a safe atmosphere, which will encourage positive behavior and learning.
- Provide courses of study, programs and activities to meet the needs of all students.
- Show respect for all individuals by treating them fairly and impartially.
- Encourage open communication among students, parents/guardians, community agencies and school personnel.
- Discipline any student under its supervision, subject to limitations of the law and district policies.
SECTION ONE

POSITIVE BEHAVIOR INTERVENTIONS & SUPPORTS

The Terrebonne Parish School District is dedicated to providing support that enables all schools to attain high levels of academic achievement and social competency.

Guiding Principles:
L Live with integrity and mutual respect
E Expect high achievement
A Analyze data with fidelity
D Differentiate responsibility
S Systematically deliver social and academic instruction

In compliance with the Juvenile Justice Education Partnership Act of 2003 and the Board of Elementary and Secondary Education’s Model Master Plan for Discipline, all schools shall establish a school-wide system of discipline which utilizes positive behavior supports. Schools shall establish, post, and provide direct instruction of school-wide behavior expectations to each student at the beginning of each school year and reinforce expectations throughout the school year.

STUDENTS RIGHTS AND RESPONSIBILITIES

This section summarizes the basic principles of student rights. With each right comes a responsibility, and that right must be viewed in relationship to the health, safety, and welfare of all students with each school. The principal, under the supervision of the Superintendent and within School Board regulations, shall assume administrative responsibility and instructional leadership of the school to which he or she is assigned. The faculty and staff shall assist in the orderly operation of the school and ensure the rights of students. The School Board School-Wide Behavior Expectations are:

• BE RESPECTFUL
• BE RESPONSIBLE
• BE SAFE
• BE THERE-BE READY-BE PREPARED
• FOLLOW DIRECTIONS
• HANDS AND FEET TO YOURSELF

Each teacher shall teach expectations across each school’s setting by providing direct instruction on expected behaviors at the beginning of the school year and reinforce throughout the year for all students.

Student Rights:
• To be informed of School Board policies and individual school rules regarding absenteeism (excused and unexcused) and tardiness.
• To appeal a decision pertaining to an absence.
• To make up class work within an appropriate length of time when there is an excused absence.

Student Responsibilities:
• To attend class daily and be on time.
• To provide the school with an adequate explanation and appropriate documentation to explain an absence.
• To request make-up assignments from teachers upon returning to school and complete them within an appropriate length of time.
Student Rules:

- Students who exceed a certain number of absences may be unable to receive credit. Bulletin 741, Chapter 11, Subsection 1103, G – Compulsory Attendance: **“In order to be eligible to receive grades, high school students shall be in attendance a minimum of 83.5 days, or the equivalent, per semester or 167 days a school year for schools not operating on a semester basis. Elementary students shall be in attendance a minimum of 167 days a school year.”** This means a student cannot miss more than five (5) unexcused days per semester, or ten (10) unexcused days for a full year course. Elementary students cannot miss more than ten (10) unexcused days per year. Please check with your school for specific information.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Terrebonne Parish School Board in accordance with the Family Educational Rights and Privacy Act (FERPA) shall afford parents/guardians and students over eighteen (18) years of age (“eligible students”):

1. The right to inspect and review any school educational records dealing with their children within forty-five (45) days of the day the school receives a request for access.

   **EDUCATIONAL RECORDS** are defined to be all official records, files, documents, and other materials directly related to children, including all material that is incorporated into each student’s cumulative record folder, and intended for school use or to be available to parties outside the school or school system.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes is inaccurate or misleading.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

4. The right to have any or all student Directory Information withheld. To request Directory Information be withheld, a parent/guardian or eligible student shall have thirty (30) days in which to notify the school as to which specific types of information about the student shall not be included as directory information.

   **DIRECTORY INFORMATION** has been designed by the Terrebonne Parish School Board to include the student’s name, address, date of birth, grade level, official activities, height and weight for sports, schools presently enrolled, honors received, and student photograph.

   Information classified as directory information may be disclosed to media sources, school web sites, non-profit organization, or private companies, etc.

5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA.
STUDENT INFORMATION ACT

State law requires that starting when your child enters eighth grade you make an election of consent for schools to collect and disclose your child’s Personally Identifiable Information (PII). Consent shall continue unless withdrawn in writing by submitting it to the administration office of the child’s school. Please note: The failure to provide written consent for the collection and disclosure of the student’s information as provided in this act may result in delays or may prevent successful application for admission to a postsecondary educational institution and for state and federal student financial aid.

ATTENDANCE

Louisiana Law R.S. 17:221 states that every parent, tutor, or other person residing within the State of Louisiana, having control or charge of any child from that child’s seventh birthday until his eighteenth birthday, shall send such child to public or private day school, unless the child graduates from high school prior to his eighteenth birthday. Any child below the age of seven who legally enrolls in school shall also be subject to the provisions of this Subpart. Every parent, tutor, or other person responsible for sending a child to a public or private day school under provisions of this Subpart shall also assure the attendance of such child in regularly assigned classes during regular school hours established by the School Board.

Whoever violates the provisions of this Subsection or R.S. 17:234 shall be FINED not more than $500.00 or IMPRISONED not more than 90 days, or both. Whoever violates any other provision of this Subpart or any other provision of law which provides for the penalty provided in R.S. 17:221 shall be FINED not more than $50.00, and, for such violations, each day the violations continues shall
constitute a separate offense.

All students shall be under the jurisdiction of the school during normal school hours, from the time the student arrives at school each day until he leaves the school campus in the afternoon. In case a student rides a bus, he shall be under the jurisdiction of the school from the time he boards the bus until the student exits the bus in the afternoon. Students shall be under the jurisdiction of the school while attending any school-sponsored activity either at school or away from school. This shall apply to all students including athletic teams, pep clubs, band and other student organizations. In disciplinary matters, the Board’s authority may extend beyond the limits set forth in accordance with State law – TPSB Policy FILE: H-2.1.

**Student Absences and Excuses:** Students must be in school unless the absence has been excused for one of the reasons listed below. It is the responsibility of each student’s parent/guardian to explain the student’s absence to the school.

Your child must have a written excuse **EVERY TIME** he or she is absent. That will allow the student to make up work missed. However, the only days missed that are excused absences are those for which the student presents a valid doctor’s excuse, has an excuse for a death in the family, or has an extenuating circumstance as listed in Bulletin 741:1.055.06. **If your child has a continuing physical illness that could cause high absenteeism, but that does not require a doctor’s visit each time, such as allergies or asthma, please have your doctor provide a letter stating that condition for the school files. Then simply send a note with your child for absences related to that specific illness. This letter may be used up to five (5) days, but no more than ten (10) days. Each time you have used your amount of days, PLEASE SUPPLY THE SCHOOL WITH A NEW LETTER. All absences, except for those listed below, are included when counting the total allowed.**

**Half-day attendance**—A student is considered to be in attendance for one-half (1/2) day when he or she; (1) is physically present at a school site or is participating in an authorized school activity; and, (2) is under the supervision of authorized personnel for more than 25% but not more than half (26%-50%) of the student’s instructional day.

**Whole-day attendance**—A student is considered to be in attendance for a whole day when he or she; (1) is physically present at a school site or is participating in an authorized school activity; and, (2) is under the supervision of authorized personnel for more than 50% (51%-100%) of the student’s instructional day.

**Perfect attendance**—Perfect attendance requires a student to not be absent from school. If a student is absent for at least one-half (1/2) day, he/she shall not have perfect attendance for the school year.

If a child misses:
(not including recess and lunch)
0-94 minutes – tardy
95-180 Minutes- half day+
181-360 – whole day
Types of Absences:

The days absent for elementary and secondary school students shall include non-exempted excused absences, exempted excused absences, unexcused absences, and suspensions.

A. Exempted excused absences—are absences which are not considered for purposes of truancy and which are not considered when whether or not a student is eligible to make up work and tests, received credit for work completed, and receive credit for a course and/or school year completed.

Reasons for Exempted Absences Include:

- Sickness, injury, death in the family, or some other insurmountable condition (with proper documentation ex. chronic illness letter).
- Extended personal physical or emotional illness as verified by a physician or nurse practitioner licensed in the state.
- Extended hospital stay in which a student is absent as verified by a physician or dentist.
- Extended recuperation from an accident in which a student is absent as verified by a physician, dentist, or nurse practitioner licensed in the state.
- Extended contagious disease within a family in which a student is absent as verified by a physician or dentist licensed in the state.
- Observance of special and recognized holidays of the student’s own faith.
- Visitation with a parent who is a member of the United States Armed Forces or the National Guard of a state and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting. Excused absences in this situation shall not exceed five (5) school days per school year.
- Absences as verified by the principal or his/her designee as stated below:
  a. Prior school system approved travel for education;
  b. Death in immediate family (not to exceed one week); or
- Natural catastrophe and/or disaster.
- Any minor employed to perform or render artistic services or creative services.

B. Non-exempted excused absences—are absences incurred due to personal illness or serious illness in the family (documented by acceptable excuses, including a parental note) which are not considered for purposes of truancy, but which are considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed. **A student has 10 of these days per year and must accompany a parent excuse.**

C. Unexcused absences—are any absences not meeting the requirements set forth in the excused absences and extenuating circumstances definitions including, but not limited to, absences due to any job (including agriculture and domestic services, even in the student’s own home or for their own parents or tutors) unless it is a part of an approved instructional program.

D. Suspensions—are non-exempted absences for which a student is allowed to make up his/her work and is eligible for consideration for credit provided it is completed satisfactorily and in a timely manner. The absence shall not be considered for purposes of truancy. Students absent from school as a result of any suspension shall be counted as absent.
A student under suspension or expulsion is not allowed on any school campus without permission of the principal nor can he/she attend or participate in any school-sponsored activity/function, including graduation, or extracurricular activity on or off the school campus.

**Students have FIVE (5) days to present a written excuse.** Students will have FIVE (5) days to make up missed work, but it is the responsibility of the student. That includes all tests, class work, and homework assignments. TPSB policy update, September 2010.

Students who are verified as meeting extenuating circumstances, and therefore eligible to receive grades shall not receive those grades if they are unable to complete make-up work or pass the course.

**Illness**
It is the individual student’s responsibility to report personal illness or injury immediately to a teacher or administrative staff member. Action is to be taken promptly and in accordance with any special procedures established by the individual school.

**School-Approved Activities**
Students participating in school-approved field trips or other instructional activities that necessitate their being away from school and are under the supervision of authorized personnel shall be considered to be present and shall be given the opportunity to make up work.

Appeal review for legitimate absences should be resolved at the end of each grading period or semester with the principal at each school site.

The Terrebonne Parish District Attorney’s Office and the Terrebonne Parish School Board have joined together and formed the **Truancy Reduction Intervention Program (TRIP)**. This program is enforceable under Louisiana Revised Statute 17:221 which states, in part, that the responsibility for a child’s school attendance lies with the child’s parent or legal guardian. **With this in mind, please understand that if your child misses more than five (5) unexcused absences within a school semester, then you, as the parent/guardian, will be charged with improper supervision of a juvenile.**

One of the most important responsibilities of a parent or guardian is the education of the children in their care. For that reason, The Terrebonne Parish District Attorney’s Office and the Terrebonne Parish School Board are committed to helping the parents/guardians keep our children in school to receive the education necessary for the continued growth and success of all children in this parish.

**Athletic and Co-Curricular Activities**
School Attendance for these activities is governed by LHSAA and/or TPSD policy and procedure manuals. Abuse of the attendance policy by a student may be dealt with on an individual basis.

**Truancy/Tardiness**
The Terrebonne Parish School Board recognizes truancy as absence from class or school for any portion of a period or day without permission from home or school. Students shall not be allowed to leave the campus without proper permission at any time during the school day, including before school begins, after school while waiting for their bus, or any disciplinary session which the student has been directed to attend. Students shall remain on the campus at all times unless granted permission to be off-campus, or be subject to disciplinary action. Violations of attendance laws and regulations may lead to suspension and/or expulsion from school, and also a referral to the District Attorney or Family Court.
The parent shall enforce the attendance of their student to school. The principal or his designee shall notify the parent, in writing, and hold a parent conference upon a student’s third (3rd) unexcused absence/tardy to school. Any student in grades Pre-K-12 shall be habitually absent/tardy to school after the fifth (5th) unexcused occurrence within any school semester. The parent of any student in grades Pre-K-12 who is considered habitually absent/tardy to school shall be in violation of the school attendance laws.

Students who exceed five (5) days unexcused absence or unexcused occurrence of being tardy to include early sign outs by parents within any school semester or as deemed eligible for referral by the Supervisor of Child Welfare and Attendance, and who do not provide a valid excuse according to the criteria for extenuated circumstances as listed above may be referred to Truancy Court.

The principal will enforce the tardy discipline policy and in addition may report students who are habitually absent/tardy to the Office of Child Welfare to refer the case to the District Attorney or Family Court.

A parent of a student in grade Pre-K-8 who is habitually absent/tardy to school shall on the first offense be fined up to fifty ($50) dollars or must perform not less than twenty-five (25) hours of community service. A student shall be considered tardy to class if the student is not in the classroom when the bell to begin class ceases. A student shall be considered tardy to school if the student is not in his/her homeroom/first period class when the bell to begin homeroom/class ceases. The term “tardy” shall include leaving or checking out of school unexcused prior to dismissal time, but shall not include tardy to class during class changes.

**ADMINISTRATION OF MEDICATION**

It is the policy of the Terrebonne Parish School Board that the administration of medication to students at school shall meet certain conditions and limitations. The term medication includes all prescription and non-prescription drugs. Medication shall not be administered to any student without a complete Medication Order from a physician or dentist licensed to practice medicine in the State of Louisiana or an adjacent state, or any other authorized prescriber authorized in the State of Louisiana to prescribe medication or devises a letter of request and authorization from the student’s parent or guardian, and a completed school nurse assessment.

The School Board shall establish appropriate guidelines for exploring and using Internet resources within the school district to enhance learning and teaching activities. The Board shall incorporate the use of computer-related technology or the use of Internet service provider technology designed to block access or exposure to any harmful materials or information, such as sites that contain obscene, pornographic, pervasively vulgar, excessively violent, or sexually harassing information or material. It shall be the policy of the Terrebonne Parish School Board that any use of the Internet that adversely affects its operation in pursuit of teaching and learning or jeopardizes its use of performance for other community members is prohibited and may result in loss of Internet privileges, suspension of the student, or other appropriate disciplinary action. The School Board does not condone the use of the Internet for any illegal or inappropriate activities and shall not be responsible for any such use by staff or students. Parents shall be made aware that Internet usage is only partially controllable by supervision.

Students may use the Internet only if under the direct supervision of a teacher or other professional designated by the teacher.

All electronic or any other communications by employees to students at any time shall be expected to be professional, acceptable in content to any reasonable person, and limited to information that is school-related or is acceptable to both student and parent.

An electronic communication, including electronic mail, by an employee at a school to a student enrolled at that school relative to the educational services provided to the student shall use a means provided by or otherwise made available by the school system for this purpose and the School Board shall prohibit the use of all such system means to electronically communicate with a student for a purpose not related to such educational services, except communication with an immediate family member if such communication is specifically authorized by the School Board.

Mandatory School Uniform Policy

Philosophy

The Terrebonne Parish School Board believes that a mandatory school uniform policy will provide a more secure school environment, promote an atmosphere for greater discipline, and increase learning opportunities for students by removing many of the distractions and connotations associated with various types of clothing.

The policy of the School Board shall be that no mode of attire will be considered proper for school wear that distracts from or disrupts classroom and school decorum. No student shall wear, possess, use, distribute, display or sell any clothing, jewelry, emblem, blade, symbols, sign or other things which are evidence of affiliation with drugs, alcohol, violence or gang-related activities or exhibits profane or obscene language/gestures. The principals of each school will make the final decision as to what is considered proper or improper dress according to the guidelines provided. Any substantial complaint concerning the dress code shall be dealt with by the school administration.

All students attending Terrebonne Parish Schools are required to adhere to the Board’s mandatory uniform policy.

Body Armor

It shall be unlawful and against School Board Policy for any student or non-student to wear or possess on his/her person, at any time, body armor on any School Board property, school campus, at a school-sponsored function, on a school bus or other school transportation, or in a firearm-free zone, with limited exception as enumerated in LA Rev. SECTION TWO

EMERGENCY SITUATIONS

It is the policy of the Terrebonne Parish School Board to act in a responsible manner in the event of any emergency/accident/incident involving students.

Fire Drills/Bomb Threats

Fire drills are held at regular intervals. The signal for a fire drill is the sounding of a loud buzzer. When this signal is given, students will leave the classroom in a quiet and orderly manner.

When evacuating the classroom, students are to:

1. Form a single line. (Students will be led from the building by the teacher.)
2. Leave books behind. (Girls, however, should take their purses.)
3. Proceed as a class to the designated area.
4. Remain with the teacher throughout the drill.
5. When the ALL CLEAR signal is given, students will return to their classrooms with their teachers to await further instruction over the P.A. system.
6. Under no circumstances are students to yell, run, or create general disorder during a fire drill.

The above procedure will also be used during a bomb threat.

FILE: H-3.5-R IN THE TERREBONNE PARISH SCHOOL BOARD POLICY MANUAL outlines recommended procedures to be used by school administrators in administering discipline.

DISCIPLINE

Positive Behavioral Interventions and Support is a system approach to enhancing the capacity of schools to educate all students with challenging behaviors, by establishing efficient and effective systems that support staff efforts, practices that support student success and existing data utilization that guide decision-making.

To establish reasonable consistency in the school, a uniform discipline school-wide behavior support system will be used. The goals of the school-wide systems are to define, teach, and support appropriate behaviors in a way that establishes a culture of competence within schools. It is the purpose of the Terrebonne Parish School Board to operate the schools in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all pupils who attend these schools. Each school’s primary goal is to educate, not to discipline; however, when the behavior of the individual pupil comes in conflict with the rights of others, corrective actions may be necessary both for the benefit of that individual and the school as a whole.

The Terrebonne Parish School Board expects students to be well behaved while attending school, on any school activity, and conduct themselves in an appropriate manner at all times. Students have the responsibility to know and respect the rules of the school system. Students shall comply with all Board policies and school regulations, student codes of conduct, and directions of principals, teachers and any other authorized school personnel during any period of time when the student is under the authority of school personnel.
Each school shall plan and conduct meetings and programs within the first week of school each year necessary to fully inform all employees and pupils of all discipline policies and school rules and regulations. Meetings shall also be held throughout the school year as may be necessary to inform new students of such discipline policies and pertinent school rules. Schools and teachers may develop individual rules and disciplinary practices, which supplement the code but does not conflict with it. The code applies to all students enrolled in the Terrebonne Parish Public Schools in pre-kindergarten through grade 12 and adult education.

The Terrebonne Parish School Board mandates that all students shall be treated fairly and honestly in resolving grievances, complaints, or in the consideration of any suspensions or recommended expulsions. Discipline should be applied after consideration of the eventual effect in the behavior of the student and it should promote improved conduct. Because of the severity of the sanctions of suspensions or expulsions, schools are encouraged to use preventive interventions prior to the consideration of these sanctions and the formal recording of all actions taken. Examples include: counseling, detention, in-school suspension, Saturday school, parent conferences, and assignment to alternative school.

A student may be removed from class by a teacher for repeatedly interfering with the teacher’s ability to communicate effectively with the class, or for being unruly, disruptive, or abusive so that classmates cannot learn. Under these circumstances and subject to Federal and State mandates, the student will not be returned to the teacher’s class during the same class period without the teacher’s consent. If the teacher withholds consent, a placement review committee will determine the student’s placement.

**In-School Suspensions (ISS)**

Designed to provide academic and counseling services to middle/high school students (grades 6-12) who have been suspended with the exception of offenses for drugs, guns/weapons, bodily harm, and indecent exposure. ISS allows students to remain under the school’s supervision during the suspension, to receive counseling related to specific behaviors, and to work on academic skills by completing their assignments and/or general academic packets. After successfully completing the ISS, the student may return to the regular school and will be eligible to make-up all the missed assignments. The absence(s), according to state guidelines, is an excused absence(s).

**Suspensions or Expulsion**

A student may be removed from school by suspension or expulsion for any of the following reasons:

1. Is guilty of willful disobedience.
2. Treats with intentional disrespect school employees or members of the local School Board.
3. Makes unfounded charge against school employees or members of the local School Board.
4. Uses unchaste or profane language.

Section Three

Bus Safety

Parents/Guardians Responsibility

Parents shall be informed of and should understand their responsibility in working with the bus driver and school system personnel for the welfare and safety of their children. Also, emphasis should be placed on the problems involved with safe transportation and the extent of responsibility placed on the bus drivers who are transporting their children. To that end, parents shall be notified of school bus and bus stop behavior requirements and the consequences of failure to fulfill these requirements.

Parents, guardians and other persons acting in loco parentis should:

1. Understand and follow district rules, policies, regulations and principles of school bus stop safety.
2. Assist children in understanding safety rules, encourage them to abide by the rules and assist school authorities with respect to disciplinary issues.
3. Ensure that children arrive on time at their assigned pickup points along the route.
4. Recognize their personal responsibility for the actions of their children. Understanding this, parents or guardians shall be responsible and accountable for the conduct and safety of their children at all times prior to the arrival and after the departure of the school bus at the assigned school bus stop.
5. Monitor bus stops, if possible, assist in providing safe access to passengers by keeping bus loading and unloading zones free of parked vehicles, trash or debris, by keeping vegetation trimmed, etc.
6. Teach children proper procedures for safely crossing the roadway before boarding and after leaving the bus.
7. Support procedures for emergency evacuations
8. Teach children to respect the rights and privileges of others, to use good manners and to use restraint in dealing with differences of opinion.
9. Support all efforts to improve school bus safety, and communicate safety concerns to schools or school district administrators.
10. Provide schools and bus driver with pertinent written information regarding emergency contacts and any special care required while the child is in school or on a school bus.

12. Avoid detaining the driver on the route, and avoid contacting bus drivers to request a schedule change, revised route or bus stop assignment or other such temporary or permanent changes. Instead, contact the school or transportation office for such request. Only if authorized in writing by the appropriate authority may bus driver adjust schedules, bus stops or student assignments.
13. Make a reasonable effort to notify the school bus driver prior to the beginning of the morning run if your child or children are unable to attend school.

SECTION FOUR

ALTERNATIVE ASSIGNMENTS

An Alternative Disciplinary Program is offered for students in grades K-4 at SEC and 5-12 at the East Street Alternative Program. The goal of the program is to deter continued misconduct of students at their base schools through a highly structured, rigorous program of physical training and academics designed to help students adjust their attitude toward school.
**PLACEMENT**

Tier I  Base Schools will develop Prevention Programs

Tier II  Long-term: Once a student is referred to the alternative setting, he/she shall not be allowed to return to the base school until officially released by Child Welfare and Attendance. In the event that a parent decides to not send their child to the alternative setting, that student will be considered truant and dealt with accordingly.

K-12: Regular and special education long-term suspensions including drugs, weapons, and behavior.

Tier III  Juvenile Detention
Placement of students through the judicial system.

**NOTE:** Transportation will be provided to all students assigned to the alternative sites; however, any violation of the bus rules, disrespect to the driver, or problems occurring at the transfer site, will result in removal from the bus. Subsequently, parents will be responsible for their child’s transportation to and from the alternative sites.

Tier IV  Transition to the Alternative School
It is not a discipline consequence or punishment.
1. **Purpose**
   It allows the student to make a smooth transition back into a school setting with a more structured environment:
   - Small classes;
   - Fewer students at the school.
2. Fewer distractions.
3. Ability to evaluate records (attendance, academic, and discipline) and make a sound decision with the placement.
4. Gives the student a chance to earn some academic grades prior to enrolling in a base school.

I. **Eligibility**
1. Students leaving the juvenile detention center.
2. Students coming into the parish from another alternative school.
3. Students coming from Greenwell Springs or other rehab counseling programs (substance abuse and other additions).
4. Students with discipline issues coming to the parish.
5. Students committing crimes/being arrested/adjudicated delinquents, reviewed by Child Welfare and Attendance.
6. Students at risk for dropping out (overage, failing, social issues).

II. **Exit Criteria**
1. Special Education shall review all placements of special education students at any time.
2. Review by alternative school administration, teachers, and staff.
4. The review should involve attendance, following rules/expectations, academic achievement and the ability to respect others.
5. The review may take place after thirty (30) days or records reviewed.
**SECTION FIVE**

**DUE PROCESS PROCEDURES**

The Terrebonne Parish School Board mandates that all students shall be treated fairly and honestly in resolving grievances, complaints, or in the consideration of any suspension or expulsion. Due process shall be defined as fair and reasonable approaches to all areas of student grievance and discipline on the part of all school officials in order not to arbitrarily deny a student the benefits of the instructional process.

Due process requires, at a minimum, the school administration to impose fundamentally fair procedures to determine whether misconduct or other improper action has occurred before any disciplinary action may be taken by the school administration except in the case of imminent danger or disruption of the academic process. In these instances, proper procedures shall be put into effect as soon as removal of the student has occurred.

Under due process, each student shall be guaranteed a fair hearing, a fair judgment, a written record of the decision, and notice of the right to appeal the decision. The degree of procedural due process afforded in any disciplinary situation shall be dependent upon two factors: (1) the gravity of the offense at student is alleged to have committed; and, (2) the severity of the contemplated penalty. For example, a much greater degree of procedural due process shall be applicable in an expulsion situation than in one where the penalty is a short-term suspension.

Full protection of procedural due process shall be afforded any student facing possible long-term suspension or expulsion. The parent and/or legal guardian has the right to appeal to the Board on behalf of their child.

**Out-of-School Suspensions**

Students accused of serious misconduct, which in the opinion of the Principal/designee merits suspension from school shall be afforded rights of due process. Students are normally told about the charges against them in a conference and have an opportunity to present their explanation of the situation before any action is taken. If the immediate suspension of a student is justified because his/her presence endangers others or school property, or would seriously disrupt the orderly academic process, the conference will follow as soon thereafter as practical.

The school will make a good faith effort to inform parents/guardians by telephone of a student's suspension. Written notice will also be sent to parents/guardians regarding the reason disciplinary action was taken. A parent/guardian and/or student may appeal a suspension **within five (5) days**.

An educational planning conference may be held when any student with a disability has been suspended for as many as ten (10) days cumulative during a school year, to determine appropriate placement and changes that need to be made in the Individual Education Plan (IEP) or the 504 Accommodation Plan. In order to address more effectively a 1508 student's behavior problem, a behavior plan may be developed as part of the IEP, based on the student’s behavior in the school setting.
Expulsions

Students accused of a violation of the Code of Student Conduct, which in the opinion of the Principal merits expulsion from schools, shall be afforded the due process procedures below. In emergency situations, these procedures may be modified, as long as reasonable efforts are made for due process.

1. The student will be told the reason(s) for consideration of suspension and expulsion and will be given the opportunity to explain the behavior and present witnesses.
2. The Principal shall make a determination and inform the student.
3. The Principal shall make a good faith effort to notify the parents of the suspension. Written notice will also be sent within 24 hours. For students with disabilities, refer to procedures in next paragraph.*
4. Parents/guardians will receive a copy of the Principal’s recommendation for expulsion.
5. A parent/guardian may request an informal hearing with the Principal. The Superintendent/designee shall make such investigation as deemed necessary. Parents/guardians will be informed, in writing, about the investigation.
6. If the Superintendent/designee finds a sufficient basis for expulsion recommendation, notice of charges will be served to the parent/guardian with notice of the date and time when the hearing will take place.
7. The Superintendent or designated hearing agent shall conduct a hearing. Parents/guardians and students may present any evidence or statement and may be represented at the hearing by a person of majority age, whether as legal counsel or personal representative.
8. A copy of the hearing agent’s recommended order will be served upon the parent/guardian and sent to the Superintendent. Either party may file exceptions to the findings within five (5) days of service of the recommended order.

* Before a student with a disability may be recommended for expulsion from school, the Principal shall first convene a placement committee to determine whether the misconduct is a manifestation of the disability. The student and parents/guardians will be invited to attend. If the placement committee determines that the misconduct is a manifestation of the disability, the student may not be expelled and alternatives for continuing programs will be explored. If the placement committee determines that the misconduct is not a manifestation of the student’s disability, then the student may be recommended for expulsion from regular education; however, exceptional education services, if any, will continue.

Suspension From Transportation Privileges

Students accused of serious misconduct, which in the opinion of the principal/designee requires suspension from transportation will be afforded due process procedures. In emergency situations these procedures may be modified. Bus misconduct reports will be made for student actions which distract the driver, endanger the health and safety of other students, or show active disregard for bus rules or practices. The Principal may temporarily suspend a student or make a recommendation to the Superintendent for long-term bus suspension. When a student has received four (4) bus misconduct reports in any given school year, a report may be forwarded to the Superintendent with a recommendation for long-term bus suspension for the remainder of the year.

Assault or Battery of School Employee

Whenever a pupil is formally accused of violating state law or school disciplinary regulations, or both, by committing assault or battery on any school employee, the Principal shall suspend the pupil from school immediately and the pupil shall be removed immediately from the school premises without the benefit of required procedures, provided, however, that such procedures shall follow as soon as
practicable. The student shall not be readmitted to the school to which the employee is assigned until all hearings and appeals associated with the alleged violation have been exhausted.

**Credit for School Work Missed**

A student who is suspended for ten (10) days or fewer shall be assigned school work missed while he/she is suspended and shall receive either partial or full credit for such work, upon the recommendation of the student’s teacher, if it is completed satisfactorily and timely as determined by the Principal or his/her designee.

**Parental Conference**

In each case of suspension or expulsion, the Principal or designee shall contact the parent, tutor, or legal guardian to notify the parent, tutor, or legal guardian of the suspension or expulsion and to set up a conference. “Notice” shall be given by contacting the parent, tutor, or legal guardian by telephone at the telephone number shown on the pupil's registration card or by sending a certified letter to the address shown on the pupil's registration card. In the case of expulsion, a certified letter must be sent.

If the parent, tutor, or legal guardian fails to attend the required conference set by the Principal within five (5) school days of notification, the truancy laws shall be effective. On not more than one occasion each school year when a parent, tutor, or legal guardian refuses to respond, the Principal may determine whether readmitting the pupil is in the best interest of the pupil. On any subsequent occasions in the same school year, the pupil shall not be readmitted unless the parent, tutor, or legal guardian, court or other appointed representative responds.

In any case where a teacher, Principal, or other school employee is authorized to require the parent, tutor, or legal guardian of a pupil to attend a conference or meeting regarding the pupil’s behavior and after notice, the parent, tutor, or legal guardian willfully refuses to attend, the Principal or designee shall file a complaint, in accordance with statutory provisions, with a court exercising juvenile jurisdiction.

**GRIEVANCE PROCEDURES FOR STUDENTS AND PARENTS/GUARDIANS**

**Student Right:**
- Students have the right to present a complaint regarding unfair treatment.

**Student Responsibility:**
- Students have the responsibility to learn and follow procedures for filing complaints.

Grievance procedures are used to handle serious problems when students believe there has been a violation of the Code of Student Conduct, including due process. Except in instances where there is a clearly defined procedure other than the one described here, a student grievance may be pursued sequentially through three (3) levels.
**Level I: Information Discussion:**
The student or parent/guardian should discuss the problem with the person responsible for what the student or parent/guardian believes to be unfair treatment under the Code of Student Conduct. The discussion should occur within five (5) school days of the time of the alleged unfair treatment. No grievance will be processed until after such informal discussion.

**Level II: School Principal:**
If the problem has not been resolved at the informal level, the parent/guardian and/or student may submit a completed Student Grievance Form to the Principal within five (5) school days of the Level I discussion. The Principal will have five (5) school days after receipt of grievance in which to hold a conference and give a written decision.

**Level III: Superintendent’s Office:**
If the problem has not been resolved at Level II, the parent/guardian and/or student may, within five (5) school days after receipt of the Principal’s decision, submit the Student Grievance Form to the Superintendent or designee. The Superintendent or designee will respond within ten (10) school days after receipt of the grievance form.

**SECTION SIX**

**PROCEDURES FOR HOMEBOUND INSTRUCTION**

1. Students of the Terrebonne Parish School District who are UNABLE TO ATTEND SCHOOL because of physical disability may be assigned a properly certified teacher who will instruct them at home or in a hospital. In order for a student to be considered for homebound instruction, the student, as a result of health care treatment, physical illness, accident, pregnancy, or the treatment thereof, must be temporarily unable to attend school for the provision of regular educational services. Such incapacitation shall require verification on the application by a physician. The homebound instruction program is a continuation of the regular school instruction program, designed to help the child return to school without falling too far behind in assigned work. The student shall be under the same state and local regulations as any other student. A responsible adult must be present where instruction is provided. Application for homebound instruction service may be made through the Supervisor of Special Education.

2. A student is placed on homebound instruction because he/she is physically or psychologically unable to attend school (as determined by the School Board); therefore, a student receiving services is not to be out of the home unless absolutely necessary, i.e. doctor's appointment.

3. The goals and objectives the students will pursue during the period of homebound instruction will be determined by the student’s classroom teacher(s). Typically, the homebound teacher visits the student twice per week for two (2) hours each time (four (4) hours per week). Parents are responsible for picking up and returning all student books.

4. The student’s classroom teacher(s) will provide assignments and tests to the homebound teacher on a regular basis. All work may be prioritized because of the student’s medical condition.

5. The homebound teacher will assist the student with the assignments. Assignments and tests will be returned to the classroom teacher(s) for grading purposes.

6. Homebound students will be expected to complete all assignments and test requirements during this period of special instruction. Excessive absences are cause for termination of services. Failure to observe these regulations may result in the withdrawal of this service.
7. Homebound instruction does not replace school attendance, it only supplements classroom instruction. Higher level high school courses will largely depend upon assignments brought home by the homebound teacher given by the base school teacher.
